Club Accreditation

It is important wherever possible to signpost young people to an accredited club. An accredited club demonstrates to partners, parents and young people that the clubs are:

- Active - getting the best out of young people
- Accessible - giving everyone a sporting chance
- Accredited - the mark of high quality

There are three accreditation schemes available:

Clubmark

Clubmark is the Sport England cross-sport quality accreditation for clubs with a junior section. National Governing Bodies of Sport (NGBs) accredit clubs that comply with minimum standards in four areas:

- The playing and participation programme
- Duty of care and child protection
- Sports equity and ethics
- Club management

F.A Charter Standard

The Football Association (F.A) awards clubs meeting all minimum operating standards set out by their governing body, its own accreditation award. The F.A Charter Award states that the club is quality accredited. At present this accreditation is instead of Clubmark but there are plans for this to be aligned to come under one Clubmark umbrella in the future.

Boltonmark

Bolton Council's Sport, Health and Inclusion Service validates clubs that do not have a National Governing Body of Sport (NGB) Clubmark accreditation scheme, but comply with all the minimum operating standards required. This accreditation recognises the development and commitment of clubs that are deemed safe, effective and child-friendly. NGB's that do not accredit clubs with Clubmark status include Baseball, Martial Arts and other minority sports.

Clubs cannot be awarded both **Clubmark** and **Boltonmark** status, all accreditation schemes can take between 6 to 18 months to complete.
